

# Camel Cigarettes

CAMELS are as delightful to your taste as they are new. And, so satisfying that they meet every cigarette desire you ever have had.

Camels are unusual; in fact they're unlike any cigarette you ever smoked. That's because they're an expert blend of choice Turkish and choice Domestic tobacco, producing a quality that meets your taste as no other cigarette ever did.

Camels' expert blend gives that mellow-mild-body and frees the cigarettes from any unpleasant cigarettey aftertaste or any unpleasant cigarettey odor. You can smoke Camels as liberally as you like without tiring your taste.

You have only to get personally acquainted with the expert Camel blend to know that you prefer it to either kind of tobacco smoked straight!

For your own satisfaction compare Camels with any cigarette in the world at any price!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes, or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

18 cents a package

### NEW LAWS AND OTHER THINGS

A valued friend of The Banner who lives in the north part of the county has sent down a serious of questions. People do not agree on public issues and as editors opinions are only a little more valuable than those of other folks. This little increase in value is due to the fact that an editor spends more time than most men in reading contemporary history and in study of public issues. We are perfectly willing to answer the Manchester gentleman's questions but do not claim to know it all. The questions he asks are as follows:

(1) When a man is puzzled about questions that come to mind he naturally feels like asking some one he expects is able to give a right solution to the matter. 257 new laws for us to look out for. I have no doubt that most of these changes and the new acts are desirable, but where shall we end? When will we arrive at the goal, that is, a perfect working administration for the state?

(2) Of course affairs concerning Vermont are of more interest to us than all else but what I would like to see most of all is what President Wilson is striving for, some arrangement that will insure us against war. Do you think that we may ever know a world peace? You don't seem to make many comments on the situation in Europe, in the Banner.

(3) What about the trial of ex-Gov. Graham that was set for March? I notice the Rutland Herald is rather shy, too, about blackguarding President Wilson lately and it doesn't seem to worry over the delay of having Mr. Graham brought to trial. I think it just as well, I never believed that ex-Gov. Graham was a thief.

(4) It is a pity that we differ with others in our opinions. It is not always a best to express our ideas too vehemently. Don't you think? Possibly our Attorney General does not care to be defeated so soon in a case of statewide importance. Many times I have not to stir too much.

(5) Are you satisfied as to the outlook with regard to the "League of Nations"? If the President's ideas prevail what will be his chances for a second term? Of course we are all as sea as to who will be the Republican nominee.

(6) Has the "League of Nations" come to life? Maybe you are too busy to answer these questions.

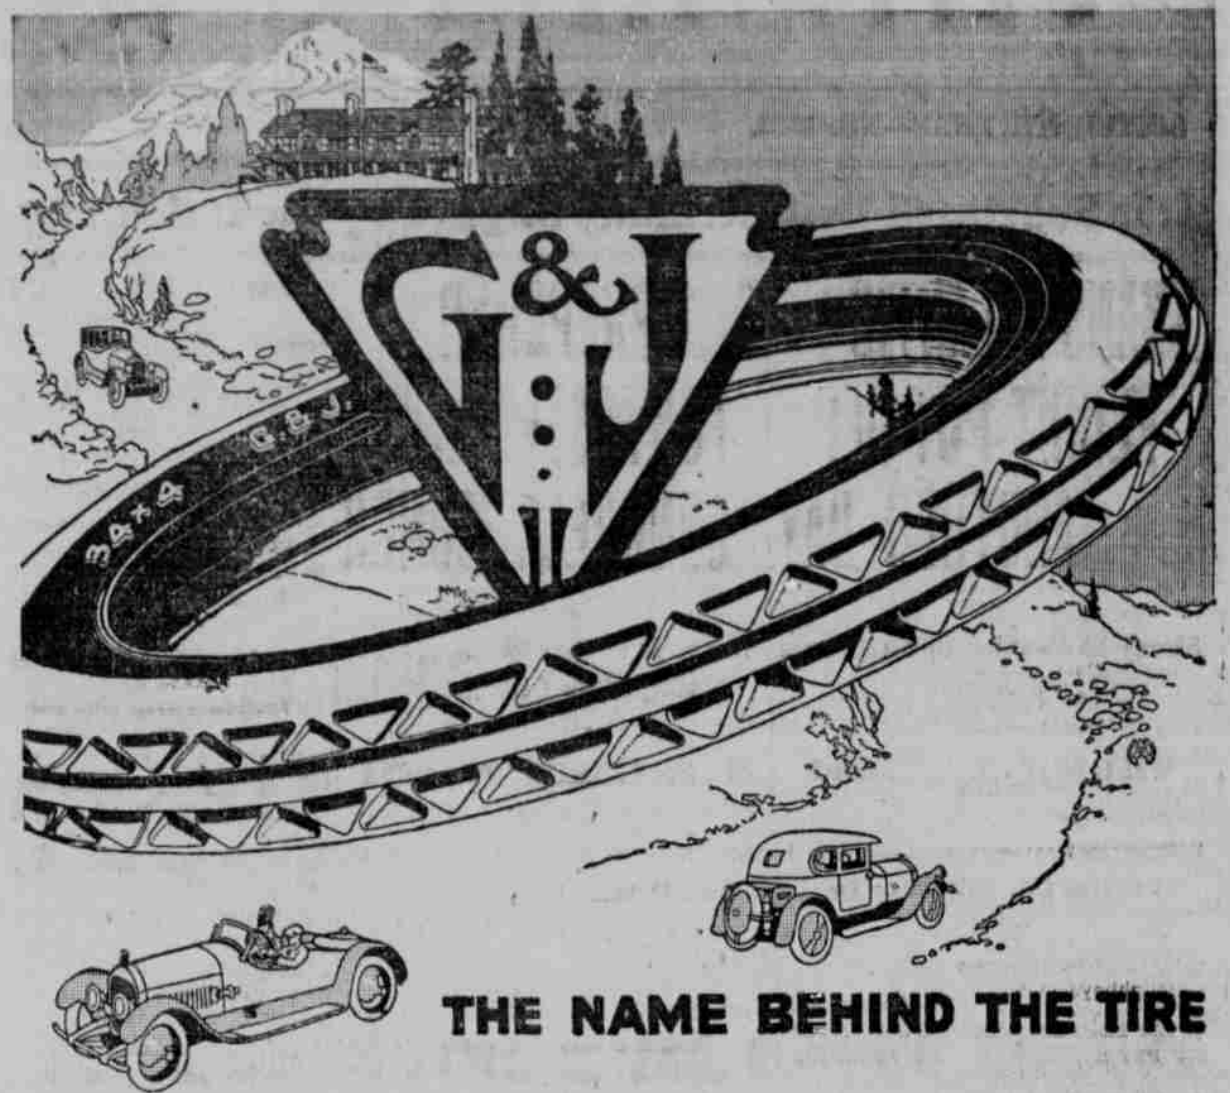

(1) New laws are a nuisance but a state or a nation that is alive and growing changes and adds to its laws from year to year. In similar way a language that is alive adds new words coined to fit new or varied occasions. The test of a new set of laws is not their number but whether they represent an advance in thought and action or are an attempt to doctor up things for somebody's selfish interest. The present administration at Montpelier is the reverse of radical but it is at least unselfish. Governor Clement has disappointed some of his friends by being intensely conservative but at least he isn't trying to fix up something to benefit his own or somebody else's political future.

(2) Earnest, honest agitation and effort in behalf of an ideal is always to be commended but there can be no insurance against war so long as ambition, jealousy and hatred dominate so many human hearts. World peace may be possible a million years hence and we expect to comment on the subject from time to time until it arrives. Do not expect the situation in Europe to improve too rapidly. It takes time to heal scars.

(3) The Banner does not believe Governor Graham guilty in intent to defame the state of Vermont. It also believes that his splendid administration as governor should offset against some mistakes. We have no sympathy with the effort of a few people to nag the attorney general into forcing Mr. Graham to stand trial. We have never seen any blackguarding of President Wilson in the Rutland Herald. It is a newspaper's business to comment on public issues. We do not always agree with the Herald but an honest difference of opinion fairly discussed is what broadens understanding and intelligence.

(4) Attorney General Archibald is said to have bragged that he was absolutely certain to secure a conviction in the Eastman case. Braggings is always unwise.

(5) The Banner is a believer with Senator Lodge relative to the League of Nations and not a follower of President Wilson on this issue. We cannot help being a stockholder in world affairs but until we have proved ourselves by straightening out the tangles in Mexico and Central America.

### THE NAME BEHIND THE TIRE

ALTHOUGH you drive a horseless-wagon, don't buy a nameless tire. The name of a tire is your buying-guide. It tells you what has been put in the tire and what you will get out of it.

G & J "The Name Behind the Tire," antedates the automobile industry itself. It goes back to early bicycle days when a youthful possessor of a "G & J" bicycle tire drew the envy of the neighborhood.

Each year G & J Tires bring more credit to "The Name Behind the Tire." Their work on the road has proved them long on mileage.

Put a G & J Cord, "G" or "Stalwart" Tread on your hind wheel and feel the satisfaction of having "The Name Behind the Tire." Have your dealer supply you with G & J Tires.

Dealers: We give you the closest co-operation in handling G & J Tires by keeping a very large and complete stock on hand from which you can draw at will.

### Corns Peel Off Painlessly

There's Only One Genuine "Corns-It" - That's "Gets-It."

There's only one happy way to get rid of any corn or callus, and that's the painless-peel-off way. "Gets-It" is the only corn remedy in the world that does it.

"3 drops of 'Gets-It' - Corn is doomed."

The world that does it that way - effectively, thoroughly. Why get down on the floor, tie yourself up into a knot, and have to feel with "pack-ages" of plaster, greasy ointments that rub off, sticky tape, and disgusting knives and scissors, when you can peel off your corn or callus in one complete piece, peacefully and surely, with magic, simple, easy "Gets-It"? It takes 2 or 3 seconds to apply "Gets-It"; you use 2 or 3 drops, and that's all. "Gets-It" does the rest! Get rid of that corn-pain at once, so that you can work and play without corn torture. Be sure to use "Gets-It." It never fails. "Gets-It" is the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. Mfg. by E. Lawrence & Co., Chicago, Ill. Sold in Bennington and recommended as the world's best corn remedy by W. L. Gohay, B. A. Quinlan and Harwood Drug Store.
